DUBAI WORLD TRADE CENTRE, DUBAI, UAE

DAY 03

9th January, 2025

SHOW DAILY

Presented by

POLYMERS[®]
Communiqué

www.mypc.co.in

7-9
January, 2025

We, at Al Fajer, are truly privileged to have you all as a part of ArabPlast 2025! Thank you for making this edition a grand success. Challenging as it was to implement in record time - less than 13 months, we are delighted that it received immense support from world-over. Truly, ArabPlast is increasingly being considered a gateway for global business.

I would like to take this opportunity to extend my sincere thanks to our Principal Sponsor, OQ. I deeply appreciate the contributions of each and every exhibitor and visitor in elevating the ArabPlast brand to new heights! I come to you with the assurance that the next edition ArabPlast 2027, to be held in the month of January (dates to be announced shortly), will be further enhanced. I look forward to your continued patronage and solicit your feedback to further improve the show!

**“A Big Thank You!,”
says Nadhal Mohamed
Kadar, General Manager,
Al Fajer Information &
Services, LLC**

UAE for Germany is the Most Important Trade Partner

Q. What are your thoughts on trade between Germany and the UAE, or the Middle East in general?

The UAE has been Germany's most important trade partner in this region for many years, and trade between the two countries continues to grow, which is very encouraging. At this trade show, we have 68 exhibitors this year compared to last edition's number, which was in the 50s. That's a significant increase, and I am very happy about it.

There is a significant increase of German presence at ArabPlast 2025, and I am very happy about it.

Sybille Pfaff
Consul General,
Consulate General of the Federal
Republic of Germany - Dubai

Q. Do you think growth will primarily come from expanding into more industry segments (lateral growth) or by achieving deeper market penetration (vertical growth)?

From my perspective, Germany has a highly diversified industry representation. German companies operate across a wide range of sectors. In terms of focus areas, sustainability and clean energy are key priorities. We also have an energy and climate partnership with the UAE, but the scope of trade is much broader than that. *continued on page 4*

At Hall 2, Booth B02-05, Kampf and Atlas are showcasing an impressive display of innovative technology in the field of slitting and winding and also a range of new solutions that optimize the entire production process. The state-of-the-art machines along with advanced automation solutions from Kampf GmbH and Atlas Converting reduce setup times significantly and reliably support and secure processes.

Kampf and Atlas Present Innovative Technology and Digital Solutions at ArabPlast

A special highlight is Kampf's digital customer portal my@vanced. This portal offers visitors a wide range of useful features, including up-to-date information, practical knowledge, easy spare parts identification, and an online shop. The portal ensures that customers can quickly and easily find the right contact person at any time, greatly simplifying support and service throughout the entire lifecycle of the machines.

In addition to displaying their machine portfolio known for quality, flexibility and automation, both companies are also presenting their innovative solutions in the field of process optimization. These solutions not only provide maximum efficiency but also help minimize production effort while improving quality.

ArabPlast: A Key Avenue for Growth

Asma Amir
Project Coordinator, Fakt Exhibitions (Pvt.) Ltd.

Pakistani exhibitors are eagerly anticipating their participation in ArabPlast 2025, a premier event for the plastics, petrochemicals, and rubber industries. As a significant platform for global trade, ArabPlast provides an unparalleled opportunity for Pakistani companies to showcase their innovative products, expand their networks, and explore new business opportunities. The excitement among exhibitors is palpable, with many looking forward to connecting with international buyers, suppliers, and industry leaders.

The impact of ArabPlast on their businesses has been profound, offering them exposure to new markets and fostering valuable partnerships that have led to increased exports and enhanced brand recognition. For many exhibitors, ArabPlast is not just an exhibition; it's a key avenue for growth, allowing them to stay ahead of industry trends and engage in high-level discussions about future developments.

The growing interest among Pakistani companies to participate in ArabPlast reflects a broader trend of their increasing confidence in global markets. As more businesses recognize the value of this business-driven platform, their participation continues to rise, making it a vital event for showcasing Pakistan's capabilities and fostering international collaborations in the plastics and petrochemical sectors.

Exhibitor QUOTES

Gautam K. Makhija
Director,
KBM Extrusion Plastic Machinery

It's been a good exposure at ArabPlast. We are seeing a lot of visitors coming from the Gulf, Saudi Arabia, and West and East Africa. We have come across some potential customers who are highly interested in our PET washing line and recycling line, and we see that post-consumer plastic recycling is making a big impact on the trend. We are very happy to offer plastic recycling solutions to all our customers globally. ArabPlast 2025 has been a great show!

Cameraman's FOCUS

The world of ENGEL Efficient. Reliable. Innovative.

As one of the world's leading companies in the field of plastics machine manufacturing, we offer our customers integrated system solutions. This means: injection moulding technology from a single source. Machine, automation, process, training and service are all perfectly integrated with ENGEL. And we always look to the future. Innovation and the latest technologies offer our customers a decisive competitive advantage. **Get connected – with our machines.**

UAE for Germany is the Most Important Trade Partner

Sybille Pfaff, Consul General, Consulate General of the Federal Republic of Germany - Dubai
continued from page 1

Q. With the growing number of exhibitors, how do you inspire companies to continue participating in trade shows and German pavilions? What is the importance of platforms such as ArabPlast for growth?

Trade shows are highly valuable for German companies. They offer access not just to the UAE or Middle East market, but to a much wider region. For example, many African buyers are attending this event,

- Range of Cold Seal Release
- Heat Sealable BOPET
- I-IML Transparent, White Pearlized and Solid White
- Thin Gauge Clear and Metallized High Barrier
- High Yield White Pearlized for Wrap Around Label

making it particularly attractive for us. The broad geographical reach and accessibility to buyers are what make trade shows so fruitful. German companies have always been export-oriented, and their focus on high-quality products ensures ongoing interest in such platforms.

Q. Do you have a message for the plastics industry or industries in general?

I truly appreciate the efforts of the plastics industry in adopting more sustainable practices. It is great to see innovations like using less plastic for the same packaging, adopting environmentally-friendly production methods, and developing sustainable materials. That's the direction industries should be heading in.

Exhibitor QUOTES

Khalid Al Kaabi
Group Managing Director,
ECO-POLYMERS

We have been participating in ArabPlast for a long time and every time the show surprises us with something new. Also, it is a very good chance to meet our customers. Additionally, the show usually opens up a lot of new doors for us to new markets. We trust ArabPlast with our eyes closed because every time we have participated in this exhibition, it has given us returns within 3 to 6 months of the show. I wish the best of luck to the organizers!

Exhibitor QUOTES

Sadiq Al Lawati
Managing Director - Polymer Marketing, OQ

ArabPlast 2025 sets the tone for the year, providing an excellent platform for industry leaders to connect with their partners to shape the future of plastics and petrochemicals. At OQ, we are proud to strengthen relationships, foster collaboration and drive innovation with our partners and customers.

Corné Verstraten
CSO / Joint Partner, COLLIN Lab & Pilot Solutions GmbH

We are happy to be here as we are able to meet our existing customers and look forward to meeting new potential customers.

Basar Gadawala
Managing Director, Ala International FZE

The ArabPlast exhibition has been amazing for us. Firstly, we have got a great location this year. We are using this opportunity to meet all our customers around the world. Customers have even placed orders with us. Overall, it's a great show for the GCC region and also globally.

Leo Precision to Showcase Efficiently Engineered Toolings at ArabPlast

Leo Precision is one of the most reliable mold manufacturing companies in India. It holds a leadership position in the country for PET preform ISBM molds and operates in over 40 countries. With a growing global footprint, Leo serves markets across the US, Europe, the Afro-Gulf region, and an ever-expanding customer base worldwide.

The complete range includes molds for single-stage technology for PET bottles, preform systems for OEMs and also caps and closures including very critical molds with in-mold closing systems.

Located in Silvassa near Mumbai, India, Leo houses a state-of-the-art machining set-up, which includes a robotic cell and design capability center catering to the needs of multinational and domestic companies.

The company specializes in molds for the rigid packaging industry. What started as a modest facility for making PET preform molds for the beverage industry in 2010, has since expanded to offer complete solutions for the rigid packaging

Do visit us at ArabPlast Hall SAEED 3, stall no. S3 - D04, where we can explain in detail how we are uniquely placed to meet your needs of efficiently engineered toolings for your rigid packaging needs.

Taiwan Pavilion at ArabPlast 2025

Linda Sun
Director, SLP Fairs & Exhibitions Co., Ltd.

The much-anticipated ArabPlast 2025 exhibition, kicked off in style and hosted the grandest display of Asian Innovation at the sprawling Dubai World Trade Centre. The Taiwan Pavilion, an absolute standout at the event, took center stage, showcasing an extensive array of cutting-edge products and technologies.

Spanning an impressive 522 square meters in gross area within Sheikh Saeed Hall, the Taiwan Pavilion provided an unmissable experience for visitors with joint stands of 41 Taiwanese companies specializing in the fields of plastics, rubber, petrochemicals, and packaging.

The ArabPlast exhibition, a global hub for the plastics and rubber industry, is the perfect stage for Taiwanese heavyweights such as POLYSTAR, LUNG MENG, HYPLAS, FONG KEE, HAO YU, SUNWELL, and numerous others to showcase their latest breakthroughs and solutions. Experts and decision-makers from across the region were in for a treat as they witnessed these pioneering technologies in action.

Spearheaded by SLP Fairs & Exhibitions, a renowned event organizer in Taiwan specializing in the plastics, printing and packaging sectors, received substantial support from related industry associations. Taiwan has been an undeniable highlight of ArabPlast 2025, offering an epic showcase of innovation and networking opportunities.

Please visit us at Stand No: S2D08-07.

Exhibitor QUOTES

Mohamed Hassairi
Regional Marketing and
Communications Manager - Africa,
Middle East, Turkey & Caucasus,
BOBST Africa and Middle East, Ltd.

We have participated in the ArabPlast exhibition five times before. This event provides an excellent opportunity to showcase our innovations and reconnect with our customers, which has become important for us in the post-COVID era. What we particularly appreciate about ArabPlast is its regional and global reach. We look forward to coming back for the next edition as well.
